with a focus on **impact**.

Carnegie Mellon University

Pittsburgh, PA
AUG. 2016–DEC. 2020

EDUCATION

- Master of Human-Computer Interaction
- B.S. in Information Systems and Human-Computer Interaction, Minor in Film and Media Studies

Deloitte Digital

Arlington, VA
OCT. 2021–PRESENT

EXPERIENCE

Product Manager, State Government Client

- Since July 2024, leads a cross-functional team of 4+ developers and testers on a \$1M effort to create data visualization dashboards, designed to facilitate high-impact decisions by client leadership by providing clear and accurate reporting.
- Leverages agile practices and stakeholder co-design to deliver quarterly releases.
- Spearheads major data availability and accuracy enhancements, including managing the rollout of the client's first data warehouse, newly implemented key metrics, and major visual and usability enhancements to aging legacy software.
- Translates client needs into enhancement designs for the digital modernization of a legacy state benefits eligibility system, a web portal and SQL database, which allows thousands of recipients per year to access essential financial assistance.

JAN.–MAR. 2023

UX Researcher, State Government Client

- Conducted a usability study of the state's benefits eligibility system, which captured 100+ pain points, 24 major insights, 28 user stories, and 5 central themes.
- Utilized these findings to provide over 100 actionable recommendations, grouped into 13 potential projects, and presented via four proposed project roadmaps considering estimated costs, levels of effort, bandwidth, and differing priorities.

GovTech Startup

Pittsburgh, PA
JAN.–JULY 2020

Developer, Designer, Researcher, and Videographer

- Conducted user testing and derived insights around increasing benefits equity and accessibility in PA as part of a capstone project team of 5 graduate students.

Carnegie Mellon University

Pittsburgh, PA
APR. 2017–AUG. 2019
