EDUCATION

Carnegie Mellon University

Pittsburgh, PA
AUG. 2016–DEC. 2020

- Master of Human-Computer Interaction
- B.S. in Information Systems and Human-Computer Interaction, Minor in Film and Media Studies

EXPERIENCE

Deloitte Digital

Pittsburgh, PA
JAN. 2026–PRESENT

Product Manager, State Government Client 2

- Since Jan. 2026, worked with 3+ product managers and designers within 50+ person team to overhaul and enhance UI/UX and feature sets of multiple internal/external healthcare web portals for a multi-million dollar legacy system replacement.

Arlington, VA

OCT. 2021–DEC. 2025

Product Manager, State Government Client 1

- From July 2024 to Dec. 2025, led a cross-functional team of 4+ developers and testers on a \$1M effort to create data visualization dashboards, designed to facilitate high-impact decisions by client leadership via clear and accurate reporting.
- Leveraged agile practices and stakeholder co-design to deliver frequent releases.
- Spearheaded major data availability and accuracy enhancements, including managing the rollout of a client's first data warehouse, newly implemented key metrics, and major visual and usability enhancements to aging legacy software.
- Translated client needs into enhancement designs for the digital modernization of legacy state benefits eligibility systems, web portals, and supporting databases, allowing thousands of recipients per year to access essential financial assistance.

Arlington, VA

JAN.–MAR. 2023

UX Researcher, State Government Client 1

- Conducted a usability study of the state's benefits eligibility system, which captured 100+ pain points, 24 major insights, 28 user stories, and 5 central themes to drive 100 actionable recs. across 13 potential projects presented to leadership.

GovTech Startup

Pittsburgh, PA
